Welcome!

Come and
join all
the fun at
Fall
General!

MORE INFO.

Join TASC

Why should my council go to Fall General?

Fall General is a great opportunity for student councils to come together from all over district 15 to share many great ideas and projects that councils can take back home.

What are the benefits of going?

The benefit of going to Fall General is that you gain so much information from the different schools and organizations that will be there. You can apply that to not only your council but to your school and community. You will also hear a motivational speaker that will inspire you for the rest of the year and get the opportunity to make new friendships and memories.

When is the last day to register?

The last day to pre-register for fall general is October 14th. After this date, you won't receive the free t-shirts.

If you're are not a member of TASC yet, please go online to <http://www.tasconline.org/> for more information. By being a member you can receive great resources.

Be part of the Slide Show at Fall General!

District XV Mission Statement

The Mission Statement of the Alamo Association of Student Councils is to promote, develop and empower successful student councils in our district.

District XV AASC Goals

1. To increase membership by 10% (which equals five schools) before the Leadership Workshop.
2. To increase membership of Middle Level Student Councils for both TASC and District XV organizations.
3. In lieu of donating goods at the Leadership Workshop, we will have a community service project that will benefit the host school's community.
4. During elections for the 2016-2017 year, we would like to have two or more candidates running for each position.

Project Resources

Although good resources for projects can be found online at the AASC and TASC websites, the best resources can be found in the people you meet and network with at workshops!

District Projects

AASC suggests projects for your student council. Most of these are related to DASH, community service, and energy and environment. Please find this list on our website.
